

May 2023 CCC Meeting

ACTIONS AND OUTCOMES

Day 1 – Tuesday, May 23

Topic	Actions and Outcomes
NOAA Fisheries Update & Priorities	<u>Motion</u> : The CCC recommends that NMFS extend the comment deadline on the ANPR for National Standard 4, 8, and 9 Guidelines to October 15.
NOAA Fisheries Science Updates	None
Gulf Council Highlights	None
National Recreational Saltwater Policy	None

Day 1 – Tuesday, May 23

Topic	Actions and Outcomes
Budget & Outlook	None
Update on Inflation Reduction Act	None
Climate Change and Fisheries	None
Update on Anti-Harassment Policies	None

Day 2 – Wednesday, May 24

Topic	Actions and Outcomes
Communications Subcommittee Report	<u>Motion:</u> The CCC supports the modifications to the U.S. Regional Councils’ website and continued updates and maintenance.
International Fisheries Issues	None
7th SCS Report	<u>Motion:</u> To form a new CCC climate workgroup to develop a common understanding and voice among the Councils on current capacity, future needs, and fishery management designs that can respond to climate change, while assisting the regional councils in coordinating with NOAA on a response to the Ocean Climate Action Plan.
8th SCS Meeting	<u>Motion:</u> The CCC approves the proposed theme for SCS-8: “Applying ABC Control Rules in a Changing Environment.” The SCS is also asked to recommend how workshop conclusions can be shared with the CCC and the Councils in a manner that encourages the use of workshop results. This recommendation should be delivered to the CCC at the fall CCC meeting.”

Day 2 – Wednesday, May 24

Topic	Actions and Outcomes
8th SCS Meeting Continued	<u>Motion:</u> The CCC TOR for the Scientific Coordination Subcommittee is modified to read (change in yellow): “The SCS will consist of the Chairs from each of the Regional Council Scientific and Statistical Committees (SSCs), or their respective proxies. The SCS can invite participation by up to three additional NMFS scientists when planning SCS workshops.”
America the Beautiful	<u>Motion:</u> The CCC accepts the report of the ABM working group and approves development of an interactive webmap application.
Nat’l Standard 1	None
Process for Sanctuaries	<u>Motion:</u> The CCC submit a letter to the Office of National Marine Sanctuaries and the National Marine Fisheries Service that acknowledges a shared responsibility to conserve and sustainably manage the nation’s living marine resources. Accordingly, there should be a reasonable process that allows both the Council and Sanctuary to carry out their missions and achieve their objectives with minimum conflict.
