

Aquaculture Update

Council Coordination Committee

David O'Brien Acting Director, Office of Aquaculture November 15, 2019

Outline

- Policy Updates
- Legislative Updates
- Grants Updates

National Science & Technology Council (NSTC): Subcommittee on Aquaculture (SCA)

Task Force Strategic Plans

- Science Planning Task Force
- Regulatory Task Force
- Draft Plans out for public comment this winter, including at Aquaculture America (Feb. 2020)

National Science & Technology Council (NSTC): Subcommittee on Aquaculture (SCA)

Revised SCA Work Plan

- Will strategically guide committee next 2-3 years
- Implements strategic plans
- Expect focus on economic development

A draft outline of the Regulatory Task Force Plan is available here –

https://www.ars.usda.gov/SCA/taskforce.html

Comment period closes November 8, 2019

Draft Outline of the Regulatory Work Plan

Three main goals

- Goal 1 Improve the Efficiency and Predictability of Aquaculture Permitting in State and Federal Waters
- Goal 2 Implement a National Approach to Aquatic Animal Health Management of Aquaculture
- Goal 3 Refine and Disseminate Tools for Aquaculture Regulatory Management

Next steps

- NOAA will share public comments with members of the Regulatory Task Force
- Task Force will consider revisions to the draft outline of the work plan to reflect input from the public and partners
- Task Force will complete a draft work plan (~30 pages) based on the final outline
- Task Force will submit the draft work plan to the Subcommittee on Aquaculture for approval
- Draft work plan will be issued by the Subcommittee on Aquaculture for public comment

Legislative Updates

- Senate Oceans Caucus, OceanReports presentation
- Advancing the Quality and Understanding of American Aquaculture Act (AQUAA Act)
- Senate Commerce Committee hearing on aquaculture (October 16th)
- Congressional Staff Delegation, Hawaii visit
